

William Boone Bryant

Becomers Mystery Person of the week - November 12, 2006

Born October 3, 1935. Caldwell, Idaho Entered Eternal Life with Jesus Christ August 25, 1947 at a country Methodist church (page 38 in Bryant Book). A student from Northwest Nazarene College, Nampa Idaho, performed the baptism.

Please have a look at the sanitized version of my wanderings through 2003 in the Bryant Book starting on page 37. Childhood pics are there.

For the "getting to know you" Judi made the best of all poster of me and my latest hot rod. I could not find it for the retreat. Hence the hodge-podge collage sorted out of two cardboard boxes last night, leaving a pile on the floor. People say "take lotsa' pictures on your trip." Looking at the 70 year mess of snapshots in boxes and losing Judi's pic is why we do not.

Pictures of me playing varsity as a freshman and in the band at halftime are lost.

Born on a small farm near a small town on the end of 1/4 mile dirt lane off of gravel road— you know—two-room school, primitive house, etc., etc.

Early Sunday school times were in Baptist church with mom and grandma, followed by my brother & I in grade school sweeping out and stoking furnace at above mentioned frame church. Over the years I have been in and out of fellowship at times worshiping with the Pentecostals, the Presbyterians (from the missionary experience in Korea) and a 10 year immersion ('72 to '82) in the New-Age Unity Church of Christianity (disillusionment city). In '84 after 3 years in Saudi, I was totally ready for the mainline doctrinally sound Crystal Cathedral Ministries and the rest is history.
