### Love Life:

The naughty lady is a self admitted, much practiced, fun loving, bonafide "FLIRT". She began loving the boys early (at age 13) by kissing and hugging the boys. Was called into the Principal's and her parents called. That didn't stop her.

Continued flirting into High School and beyond. Her flirting precluded her going to school to become an R.N. and she was deeply, seriously in love with three different guys! And was busy scheduling all her dates so they didn't run into each other. She was just doing her patriotic duty as one was in the Air Force, one in the Navy and one in the Army.

She finally chose the "best looking" of the bunch, married him and put him through college.
